In 2002, Bachmann has a number of exciting new products lined up that not only celebrate the grand tradition of American railroading, but also transport you to amazing new worlds.

This year, Bachmann invites you on a journey to the remarkable Island of Sodor. Once there, you can join Thomas the Tank Engine and his friends for many exciting railroad adventures. Bachmann is pleased to offer three ready-to-run electric train sets and separate sale characters and accessories based on the Thomas and Friends television show, books, videos, and feature film. Recognized by children around the world, the Thomas and Friends characters have been instrumental in introducing children to the world of railroading for decades.

After your visit to the Island of Sodor, you can take another ride on the Hogwarts Express. In anticipation of the upcoming Harry Potter and the Chamber of Secrets film sequel, Bachmann has conjured up a new deluxe Hogwarts Express train set that includes both the mysterious Platform 9-3/4 and a die cast model of the Weasley's flying car. With the Hogwarts Express, railroaders and magicians alike can relive Harry Potter's journey from King's Cross Station to the Hogwarts School of Witchcraft and Wizardry.

Our premium Spectrum® line moves full speed ahead with an extensive selection of new locomotives and accessories. This year we're introducing several classic American steam locomotives into our HO line including a Baldwin 4-6-0 (in high and low boiler versions), as well as the long-awaited USRA 4-8-2 Heavy Mountain. Also new in HO is the GE E33 electric locomotive and a completely redesigned and retooled F40 PH diesel locomotive. Look for Amtrak's high-speed Acela™ Express passenger train to arrive on N scale railroads this year, and On30 modelers can look forward to the new Two-Truck Shay, which is sure to continue our grand tradition of award-winning Shay locomotives.

We invite you to visit your local hobby retailer, and take advantage of the world's greatest hobby. Whether you want to capture the spirit of the American experience, or travel to lands of magic and make-believe, Bachmann has the perfect train for you.

Deluxe Thomas with Annie and Clarabel

an E-Z Track® set
Item No. 00644
Standard Pack: 3

Thomas the Tank Engine and his passenger coaches Annie and Clarabel have started on a magical journey across the faraway Island of Sodor. Meanwhile, back at the station, Sir Topham Hatt sends Harold the Helicopter and Bertie the Bus to keep an eye on Thomas to make sure he arrives on time. With our Deluxe Thomas with Annie and Clarabel train set, you can relive the stories seen in the Thomas and Friends® books, television shows, videos and feature film, or create your own railway adventures.

This ready-to-run train set includes:
- Thomas the Tank Engine with moving eyes
- Annie coach with international style hook and loop couplers
- Clarabel coach with international style hook and loop couplers
- Bertie the Bus
- Harold the Helicopter
- Sir Topham Hatt figure
- 56” x 38” oval of snap-fit E-Z Track® with 12 pieces of curved track, 3 pieces of straight track, and 1 straight plug-in terminal retailer
- power pack
- illustrated instruction manual

It's a new semester at the Hogwarts School of Witchcraft and Wizardry, which means it's time for another ride aboard the Hogwarts Express. Only this time, Harry Potter and Ron Weasley miss their departure, so they follow the train in an amazing "flying" car. This fall, you can get to Hogwarts either by the "scarlet steam train" or flying car with our new Special Edition Hogwarts Express.

The Special Edition Hogwarts Express includes:
- scarlet steam locomotive and tender
- three passenger cars with international-style loop couplers
- die cast model of the Weasley's flying car
- scale model of Platform Nine and Three Quarters
- 56" x 38" oval of E-Z Track® including 12 pieces curved track, 3 pieces straight track and 1 plug-in terminal rerailer
- UL listed power pack
- and illustrated instruction manual

Note: Actual car requires imagination and hand power to "fly" and will vary from illustration shown.

McKinley Explorer

an E-Z Track® set with E-Z Mate® couplers
Item No. 00624
Standard Pack: 3

Treating passengers to breathtaking views of the Alaskan wilderness in special vista-dome cars is the McKinley Explorer. Operating today from Anchorage to Fairbanks, and running through Denali National Park, this train’s lucky riders might thrill to the sight of bear, moose, sheep and bald eagles.

The McKinley Explorer comes complete with:
- EMD GP40 diesel locomotive with operating headlight
- four full dome passenger cars (the Talkeetna, Kenai, Knik and Deshka, all named after Alaskan rivers)
- 63” x 45” oval of E-Z Track® including 16 pieces of 22” radius curved track, 3 pieces of straight track and 1 plug-in terminal rerailer
- UL listed power pack
- illustrated instruction manual
North Pole Express
an E-Z Track® set with E-Z Mate® couplers
Item No. 00633 Standard Pack: 3

Santa will be sure make it to your town in time for Christmas when he uses the North Pole Express. Powered by an EMD FT diesel locomotive, this proud addition to the North Pole & Southern railroad will rocket from town to town leaving toys for the children. With a contemporary holiday paint scheme on each of its cars, the North Pole Express is sure to be a favorite with your family.

This set includes:
• EMD FT diesel locomotive with operating headlight
• open quad hopper
• plug door box car
• off-center caboose
• body-mounted E-Z Mate® couplers
• 47" x 38" oval of E-Z Track® with 12 pieces of curved track, 1 piece of straight track and 1 plug-in terminal retailer
• UL listed power pack
• illustrated instruction manual

The FT diesel locomotive in this set has a diecast chassis and eight wheel drive.
Trailing sparkling dust along the rails, the Silver Star streaks over the horizon. With its crimson and silver “War Bonnet” paint scheme, the GP40 Santa Fe locomotive will cut through the night sky with seemingly unstoppable force. As powerful as it is sleek, the Silver Star will easily pull its load around the E-Z Track® figure-eight formation contained in this set. The Silver Star also includes:

- EMD GP40 diesel locomotive with crimson and silver “War Bonnet” paint scheme and operating headlight
- single dome tank car
- quad hopper
- reefer
- off-center caboose
- 75” x 39” figure-eight of E-Z Track® with 21 pieces of curved track, 1 curved plug-in terminal rerailer, and a 30 degree crossing
- 48 railroad and street signs
- 24 telephone poles
- UL listed power pack
- illustrated instruction manual
The FT diesel locomotive in this set has a diecast chassis and eight wheel drive.

Superchief
an E-Z Track® set with E-Z Mate® couplers
Item No. 00636 Standard Pack: 3

With the pride and power of a born leader, the mighty Superchief thunders along the rails. Featuring an EMD FT diesel locomotive with an operating headlight, and the Santa Fe's distinctive red and silver "war bonnet" paint scheme, the Superchief comes complete with:

- EMD FT diesel locomotive with operating headlight
- open quad hopper
- plug door box car
- off-center caboose
- body-mounted E-Z Mate® couplers
- 36" circle of E-Z Track® including 11 pieces curved track and 1 piece curved, plug-in terminal rerailer
- UL listed power pack
- illustrated instruction manual
The American

an E-Z Track® set with E-Z Mate® couplers

Item No. 00637 Standard Pack: 3

When the American rolls into towns across the country, flags are sure to wave. With its 0-6-0 locomotive and Vanderbilt tender, this set recalls the great steam-powered freight trains of yesteryear. The American celebrates the ingenuity and pioneering spirit that shaped our nation.

This train set includes:
• 0-6-0 steam locomotive with Vanderbilt tender
• 3 dome tank car
• open quad hopper
• wide vision caboose
• 47” x 38” oval of E-Z Track® with 12 pieces of curved track, 1 piece of straight track and 1 plug-in terminal retailer
• 24 railroad and street signs
• 12 telephone poles
• UL listed power pack
• illustrated instruction manual
The FT diesel locomotive in this set has a diecast chassis and eight wheel drive.

Santa Fe Flyer
an E-Z Track® set with E-Z Mate® couplers
Item No. 00647 Standard Pack: 3

Hauling freight across the deserts, mountains and cities of the American landscape is the Santa Fe Flyer. Powered by a mighty Santa Fe FT diesel locomotive with its distinctive “war bonnet” paint scheme, this sleek and powerful train deftly handles the ever-changing terrain of the Southwest United States. The Santa Fe Flyer includes:

- EMD FT diesel locomotive with operating headlight
- open quad hopper
- gondola
- wide vision caboose
- 36” circle of E-Z Track® including 11 pieces of curved track and 1 curved plug-in terminal rerailer
- UL listed power pack
- illustrated instruction manual
Olde Tyme Village Freight

an E-Z Track® set with E-Z Mate® couplers

Item No. 00648    Standard Pack: 3

Towering mountains, searing deserts and lonely prairies. The Old Tyme Village Freight faced all these and more as it tirelessly helped build the American West.

The Old Tyme Village Freight comes complete with Bachmann’s exclusive E-Z Track® snap-fit track and roadbed system, plus:

- an American 4-4-0 steam locomotive and tender with operating headlight
- water tank car
- box car
- wood gondola
- flat car
- bobber caboose
- 47” x 38” oval of E-Z Track® with 12 pieces of curved track, 1 piece of straight track, and 1 plug-in terminal rerailer
- UL Listed power pack
- illustrated instruction manual

47” x 38” Oval
Olde Tyme Village Express

*an E-Z Track® set with E-Z Mate® couplers*

- 47” x 38” oval of *E-Z Track®* with 12 pieces of curved track,
- 1 piece of straight track, and
- 1 plug-in terminal rerailer
- UL Listed power pack
- illustrated instruction manual
The Lafayette

**an E-Z Track® set**

Item No. 00628    Standard Pack: 3

Facing a shortage of motive power in its infancy, the Baltimore & Ohio Railroad turned to William Norris of Philadelphia for more locomotives to service its 107 miles of line. In 1837, Norris delivered the 4-2-0 Lafayette, the first locomotive in the B & O roster with a leading truck and a horizontal boiler. Affectionately known as a “one-armed Billey,” the 4-2-0 was the first standardized production model locomotive. Several more 4-2-0’s were soon added to the B & O line, serving the railroad until as late as 1880.

This Lafayette set includes:
- Norris 4-2-0 locomotive (B & O “Lafayette”) with hand-tooled coal load in tender
- three historical passenger cars (B & O)
- skew wound motor
- hardened carbon brushes
- metal detail parts including handrails and bell
- nickel silver wheels
- 47” x 38” oval of nickel silver E-Z Track®, including 12 pieces curved track, 1 piece of straight track and 1 plug-in terminal rerailer
- UL listed power pack
- illustrated instruction manual

The John Bull

**an E-Z Track® set**

Item No. 00640    Standard Pack: 3

The John Bull is the world’s oldest complete and operational locomotive. Built and designed in England, the John Bull was sent disassembled to America, where it was reconstructed in New Jersey to begin service in 1832. This locomotive was the first to have the innovative, and distinctly American, “cowcatcher” feature. Retired in 1866, the John Bull regularly resurfaced at various exhibitions including the 1876 Centennial and the 1927 “Fair of the Iron Horse.” Today the John Bull resides in the Smithsonian Institute in Washington, DC.

Our HO John Bull set includes:
- John Bull locomotive and tender
- three passenger coaches
- skew-wound motor
- hardened carbon brushes
- finely detailed parts
- 47” x 38” oval of nickel silver E-Z Track®, including 12 pieces curved track, 1 piece of straight track and 1 plug-in terminal rerailer
- UL listed power pack
- illustrated instruction manual

The DeWitt Clinton

**an E-Z Track® set**

Item No. 00641    Standard Pack: 3

Named after the father of the Erie Canal, the DeWitt Clinton made its maiden run on August 9, 1831. As one of the earliest steam operated carriers in America, the DeWitt Clinton is truly unique in railroading history. With its passengers riding in standard stagecoach bodies mounted on railroad wheels, the sight of the DeWitt Clinton was just as startling in 1831 as it would be today!

This DeWitt Clinton train set includes:
- DeWitt Clinton locomotive and tender (with diecast wood load & water barrels)
- three DeWitt Clinton coaches
- skew-wound motor
- hardened carbon brushes
- nickel silver wheels
- 47” x 38” oval of nickel silver E-Z Track®, including 12 pieces curved track, 1 piece of straight track and 1 plug-in terminal rerailer
- UL listed power pack
- illustrated instruction manual

18" RADIUS CURVED TRACK (4/card)
Item No. 44501
4 pieces of track make up one third (120°) of an 18" radius circle.

18" RADIUS TERMINAL RERAILER with WIRE (1/card)
Item No. 44502

22" RADIUS CURVED TRACK (4/card)
Item No. 44503
4 pieces of track make up one quarter (90°) of a 22" radius circle.

33 1/4" RADIUS 18 DEGREE CURVED TRACK (5/card)
Item No. 44504
5 pieces of track make up one quarter (90°) of a 33 1/4" radius circle.

35 1/4" RADIUS 18 DEGREE CURVED TRACK (5/card)
Item No. 44507
5 pieces of track make up one quarter (90°) of a 35 1/4" radius circle.

33 1/2" RADIUS 6 DEGREE CURVED TRACK (4/card)
Item No. 44508

33 1/2" RADIUS 12 DEGREE CURVED TRACK (4/card)
Item No. 44509

9" STRAIGHT TERMINAL RERAILER with WIRE (1/card)
Item No. 44510

9" STRAIGHT TRACK (4/card)
Item No. 44511

3" STRAIGHT TRACK (4/card)
Item No. 44512
2 1/8" STRAIGHT TRACK (4/card)  
Item No. 44513

4 1/8" STRAIGHT TRACK (4/card)  
Item No. 44514

9" STRAIGHT RERAILER (2/card)  
Item No. 44528

18" RADIUS CURVED RERAILER (2/card)  
Item No. 44529

1/8 18" RADIUS CURVED (4/card)  
Item No. 44530

1/4 18" RADIUS CURVED (4/card)  
Item No. 44531

1/4 22" RADIUS CURVED (4/card)  
Item No. 44532

30 DEGREE CROSSING (1/card)  
Item No. 44540
This 30° Crossing is the centerpiece of a basic "Figure 8" track configuration. To make a Figure 8 you also need: 21 pieces of 18" Radius Curved Track and 1 piece 18" Radius Curved Railer.

60 DEGREE CROSSING (1/card)  
Item No. 44542

90 DEGREE CROSSING (1/box)  
Item No. 44541
This 90° Crossing has many useful applications in railroad design. However, if your goal is to make a "Figure 8" layout, you should start with a 30° Crossing.
REMOTE SWITCH - LEFT
(1/card)

Magnetically Operated Knuckle Couplers

E-Z Mate® couplers make use of precision molding techniques and space-age material to allow the molding of springs as an integral part of the knuckle coupler. With E-Z Mate®, gone forever are the problems and expense associated with separate coil springs.

With integrally-molded springs, the installation of E-Z Mate® couplers is a dream come true. It's simply a matter of removing the coupler pocket cover, dropping in an E-Z Mate® coupler, and replacing the cover. Operation is simple as well. E-Z Mate® couplers operate with a standard metal "glad hand" and under-track magnet, and they are completely compatible with all magnetically operated knuckle couplers currently on the market. (Our under-track magnet comes with a trackside brakeman figure to indicate the magnet's position.) Coupling, uncoupling and other yard operations are all performed with familiar ease.

Three lengths each of center shank, over shank, and under shank E-Z Mate® couplers are available as follows:

Lubricants for Model Railroading Professionals

For the best care and maintenance of motive power, rolling stock and track, Bachmann has a full line of premium-grade lubricants. Four E-Z Lube® products are offered:

- light gear oil
- heavy gear oil
- heavy duty grease
- conductive contact lubricant

Each of the lubricants has a specific purpose. The light gear oil is for use on all gears, bushings, shafts and bolsters. It is non-shedding and will not "sling off." The heavy gear oil lubricates for extended periods of time and is formulated for use on motor bushings, bearings, valve gear, side rods and draft gear boxes. For applications requiring heavier viscosity material such as Large Scale trains, it's best to use the heavy duty grease. And for superior electric motor maintenance and track cleaning, your choice is the conductive contact lubricant.

With proper maintenance, you can extend the life and enjoyment of your railroad equipment for many, many years. We urge you to establish a sensible maintenance schedule and to use our E-Z Lube® products for professional care.

Conductive Contact Lube Item No. 99986
Grease Item No. 99987
Heavy Gear Oil Item No. 99988
Light Gear Oil Item No. 99989

McKinley Explorer

an E-Z Track® set
Item No. 24010 Standard Pack: 6

Treating passengers to breathtaking views of the Alaskan wilderness in special vista-dome cars is the McKinley Explorer. Operating today from Anchorage to Fairbanks, and running through Denali National Park, this train’s lucky riders might thrill to the sight of bear, moose, sheep and bald eagles. Our N scale McKinley Explorer set comes complete with:

- powered EMD F9 diesel locomotive
- unpowered EMD F9 unit
- three full-dome passenger cars (the Kenai, Knik and Deshka, all named after Alaskan rivers)
- 34” x 24” oval of E-Z Track® including 11 pieces curved track, 4 pieces straight track and 1 curved plug-in terminal retailer
- UL listed power pack
- illustrated instruction manual
Children will gather along the railroad tracks to witness Santa's arrival on the Yuletide Special. Powered by a classic 0-6-0 steam locomotive, this train is a proud addition to our North Pole & Southern railroad. Each of the train's cars is adorned with holiday greetings for you and yours. The Yuletide Special comes complete with:

- 0-6-0 steam locomotive and tender
- box car
- gondola
- old time combine
- 34" x 24" oval of nickel silver E-Z Track® including 11 pieces of curved track, 4 pieces straight track, and 1 curved plug-in terminal rerailer
- UL listed power pack
- illustrated instruction manual
Highballer

*an E-Z Track® set*

Item No. 24003  Standard Pack: 6

The term "highball" originally referred to a railroad track signal indicating it was safe to proceed (literally a ball hung over the tracks). In time, the expression "highballer" evolved to describe a train engineer who ran his locomotives at reckless speeds. We urge you to go easy on the throttle when you operate this *Highballer* train set! The *Highballer* comes complete with Bachmann's exclusive *E-Z Track®* snap-fit track and roadbed system, plus:

- an EMD F9 diesel locomotive with operating headlight
- plug door box car (or reefer)
- gondola
- 24" circle of nickel silver *E-Z Track®* including 11 pieces curved track and 1 curved plug-in terminal rerailer
- UL listed power pack
- illustrated instruction manual

Prairie Flyer

*an E-Z Track® set*

Item No. 24004  Standard Pack: 6

The *Prairie Flyer* steams back in time, taking us through the Great Plains to America's Old West. Pull the brake — a buffalo stampede is crossing the tracks! The *Prairie Flyer* comes complete with Bachmann's exclusive *E-Z Track®* snap-fit track and roadbed system, plus:

- an American 4-4-0 steam locomotive and tender
- old time combine
- old time coach
- 34" x 24" oval of nickel silver *E-Z Track®* including 11 pieces curved track,
- 4 pieces straight track and 1 curved plug-in terminal rerailer
- UL listed power pack
- illustrated instruction manual

Iron Duke

*an E-Z Track® set*

Item No. 24005  Standard Pack: 6

Forged and cast from the elements of the earth, the size and strength of a steam locomotive are truly awesome. Capturing the elusive feeling of raw power, the *Iron Duke* train set comes complete with Bachmann's exclusive *E-Z Track®* snap-fit track and roadbed system, plus:

- an 0-6-0 steam locomotive with slope back tender
- single dome tank car
- box car
- covered hopper
- off-center caboose
- 34" x 24" oval of nickel silver *E-Z Track®* including 11 pieces curved track, 4 pieces straight track and 1 curved plug-in terminal rerailer
- 12 telephone poles
- 24 railroad and street signs
- UL listed power pack
- illustrated instruction manual

The Frontiersman

*an E-Z Track® set*

Item No. 24006  Standard Pack: 6

The early railroads were instrumental in opening vast tracts of American land for settlement and development. Moving people, natural resources and supplies, steam trains could rightfully be called "Frontiersmen." Our *Frontiersman* train set comes complete with Bachmann's exclusive *E-Z Track®* snap-fit track and roadbed system, plus:

- an American 4-4-0 steam locomotive and tender
- old time water tank car
- old time box car
- old time gondola
- old time flat car
- old time bobber caboose
- 34" x 24" oval of nickel silver *E-Z Track®* including 11 pieces curved track, 4 pieces straight track and 1 curved plug-in terminal rerailer
- UL listed power pack
- illustrated instruction manual
The Centennial

an E-Z Track® set
Item No. 24007  Standard Pack: 6

Sleekly styled after Amtrak's Amfleet passenger trains, The Centennial comes complete with Bachmann's exclusive E-Z Track® snap-fit track and roadbed system, plus:

Explorer

an E-Z Track® set
Item No. 24008  Standard Pack: 6

As a freight train makes its way over the rails, it's a modern explorer of an ever-changing landscape. Each day brings new adventures and new excitement! This Explorer train set comes complete with Bachmann's exclusive E-Z Track® snap-fit track and roadbed system, plus:

Empire Builder

an E-Z Track® set
Item No. 24009  Standard Pack: 6

American railroads helped build great fortunes and the wealth of the Nation. Doing its part, our Empire Builder train set comes complete with Bachmann's exclusive E-Z Track® snap-fit track and roadbed system, plus:
- an E60CP electric locomotive with diode directional headlights, dual pantographs and full Lusta Chrome finish
- 3 Amfleet coach cars with full Lusta Chrome finish
- 34" x 24" oval of nickel silver E-Z Track® including 11 pieces curved track, 4 pieces straight track and 1 curved plug-in terminal rerailer
- UL listed power pack
- illustrated instruction manual

- a powered EMD F9 diesel locomotive with operating headlight and full Lusta Chrome finish
- unpowered "A" unit F9 diesel locomotive with full Lusta Chrome finish
- single dome tank car
- refrigerator car
- covered hopper
- plug door box car
- flat car with containers
- off-center caboose
- 34" x 24" oval of nickel silver E-Z Track® including 11 pieces curved track, 4 pieces straight track and 1 curved plug-in terminal rerailer
- 12 telephone poles
- 24 railroad and street signs
- UL listed power pack
- illustrated instruction manual

- a Northern 4-8-4 steam locomotive and tender with operating headlight
- wood reefer
- single dome tank car
- center flow hopper
- plug door box car
- wood stock car
- wood braced gondola
- open quad offset hopper
- off-center caboose
- 44" x 24" oval of nickel silver E-Z Track® including 11 pieces curved track, 8 pieces straight track and 1 curved plug-in terminal rerailer
- 12 telephone poles
- 24 railroad and street signs
- UL listed power pack
- illustrated instruction manual

The best way to begin or complete an in-store display of Bachmann’s E-Z Track® products is with our N scale E-Z Track® Spinner Display. Designed to be free-standing on the counter, or to fit on top of our HO scale E-Z Track® display, the N scale Spinner has eight product positions. This is a great way to show your customers the benefits of N scale E-Z Track®. Contact your distributor or Bachmann sales representative to order your display today.
Instant buildings for your railroad! The already-assembled models shown on these pages will add interest and realism to any N scale layout.

The Polar Express

Item No. 90036
Standard Pack: 1

It’s “All aboard!” for a snowy journey that will warm your soul. Inspired by the classic children’s book of the same name, The Polar Express train takes you on an imaginary Christmas Eve adventure to the North Pole. Once there, you can relive the story of a special gift from Santa that teaches how true believing comes straight from the heart. The Polar Express comes complete with a 4-6-0 steam locomotive (with operating headlight, smoke and speed-synchronized sound), coal tender, coach with lighted interior, observation car with lighted interior and drumhead, engineer and fireman figures. Also included are an 8’2” x 4’3” oval of track (20 pieces), power pack, illustrated “Bach Man” instruction manual and VHS format video instructions.

Custom made sleigh bell included with each set

Copyright © 1985 by Chris Van Allsburg. By arrangement with Houghton Mifflin Company. All Rights Reserved. Note: Sound system and passenger car lights require one 9V battery each for operation. Batteries are not included.
"I looked through my window and saw a train standing perfectly still in front of my house. It was wrapped in an apron of steam. A conductor stood at the open door of one of the cars. — 'All aboard,' the conductor cried out. I ran up to him. 'Well,' he said, 'are you coming?' 'Where,' I asked. 'Why to the North Pole of course,' was his answer. This is the Polar Express.' I took his outstretched hand and he pulled me aboard."
The Royal Blue

Item No. 90016
Standard Pack: 1

The Royal Blue is a regal addition to any railroad. This classic train treated the prominent and powerful to first class service between New York City and Washington, D.C. at the turn of the last century. Beautiful in its distinctive cobalt blue, silver and gold paint scheme, this train is a must for collectors. The Royal Blue comes complete with a 4-6-0 steam locomotive (with operating headlight, smoke and speed-synchronized sound), coal tender, combine with operating door and lighted interior, observation car with lighted interior and drumhead, and engineer and fireman figures. Also included are an 8'2" x 4'3" oval of track (20 pieces), power pack, and illustrated "Bach Man" instruction manual.

The Ringmaster

Item No. 90020
Standard Pack: 1

Audience and performers, musicians and animals all listen to the command of his voice. It’s the ringmaster who directs the action in the circus ring! Our Ringmaster will command your attention as an impressive set in our Big Haulers® line. Its 4-6-0 steam locomotive (with operating headlight, smoke and speed-synchronized sound) pulls a coal tender, elephant car, cage car with bear and gorilla cages, and advertising car. The set also includes an Emmett Kelly, Jr. collectible figure, 8'2" x 4'3" oval of track (20 pieces), power pack, illustrated "Bach Man" instruction manual and VHS format video instructions.
ALL SETS ARE READY TO RUN AND PROTECTED BY BACHMANN'S EXCLUSIVE LIFETIME LIMITED WARRANTY.

Note: Sound system and passenger car lights (if applicable) require one 9V battery each for operation. Batteries are not included.
Great Northern Express

Item No. 90031
Standard Pack: 1

Coming from his high altitude home on ridges and crags is “Rocky the Goat,” the mountain goat that takes his place on the corporate logo of the Great Northern Railroad. Rocky the Goat now rides this Great Northern Express train set which comes complete with a 4-6-0 steam locomotive (with operating headlight, smoke and speed-synchronized sound), coal tender, combine with operating door and lighted interior, observation car with lighted interior and drumhead, and engineer and fireman figures. Also included are an 8’2” x 4’3” oval of track (20 pieces), power pack, illustrated “Bach Man” instruction manual and VHS format video instructions.

The Bumble Bee

Item No. 90032
Standard Pack: 1

Wearing its coat of yellow and black is the famous Bumble Bee of the Denver Rio Grande & Western Railroad. Famous for its brilliant color scheme, this Bumble Bee set comes complete with a 4-6-0 steam locomotive (with operating headlight, smoke and speed-synchronized sound), coal tender, combine with operating door and lighted interior, observation car with lighted interior and drumhead, and engineer and fireman figures. Also included are an 8’2” x 4’3” oval of track (20 pieces), power pack, illustrated “Bach Man” instruction manual and VHS format video instructions.
ALL SETS ARE READY TO RUN AND PROTECTED BY BACHMANN'S EXCLUSIVE LIFETIME LIMITED WARRANTY.

Note: Sound system and passenger car lights (if applicable) require one 9V battery each for operation. Batteries are not included.
Tweetsie Railroad

Item No. 90033
Standard Pack: 1

Originally carrying passengers through the Blue Ridge mountains from Johnson City, Tennessee to Boone, North Carolina was the East Tennessee & Western North Carolina Railroad (ET&WNC). Operating today and listed on the National Register of Historic Places, you'll understand this train's nickname when you hear the “Tweetsie's” whistle echoing across the valleys of the Blue Ridge. This Tweetsie Railroad train set comes complete with a 4-6-0 steam locomotive (with operating headlight, smoke and speed-synchronized sound), coal tender, flat car with logs, box car, combine with operating door and lighted interior, and engineer and fireman figures. Also included are an 8'2" x 4'3" oval of track (20 pieces), power pack, illustrated “Bach Man” instruction manual and VHS format video instructions.

Rocky Mountain Express

Item No. 90034
Standard Pack: 1

Crossing the Rocky Mountains was a daunting task, but for the railroad companies of late 1800’s, no obstacle was too great to overcome. Making the dream a reality were brave men and mighty machines like the Rocky Mountain Express. This set comes complete with a 4-6-0 steam locomotive (with operating headlight, smoke and speed-synchronized sound), wood tender, reefer and bobber caboose. Also included are a 5'4" x 4'3" oval of track (14 pieces), power pack, illustrated “Bach Man” instruction manual and VHS format video instructions.
ALL SETS ARE READY TO RUN AND PROTECTED BY
BACHMANN'S EXCLUSIVE LIFETIME LIMITED WARRANTY.
Note: Sound system and passenger car lights (if applicable) require one 9V battery each for operation. Batteries are not included.
Perhaps there is no other gift more fun to find under the Christmas tree than a brand new train. Delivering its promise of magic and delight is the Night Before Christmas train set. The Night Before Christmas comes complete with a 4-6-0 steam locomotive (with operating headlight, smoke and speed-synchronized sound), tender with coal load, gondola, bobber caboose and Santa figure. Also included are a 5'4" x 4'3" oval of track (14 pieces), power pack, illustrated “Bach Man” instruction manual and VHS format video instructions.
1:20.3 Baldwin Industrial 2-6-0 Mogul Steam Locomotive and Tender

Standard Pack: 1 $200.00

A new addition to our Big Haulers® line, this industrial 2-6-0 Mogul locomotive is a perfect companion to our Anniversary Edition 4-6-0 ten-wheeler. Modeled after a standard Baldwin steamer, these locomotives were used for a variety of applications throughout the first half of the 20th Century.

Ideal for indoor and outdoor railroads, this 2-6-0 Mogul is loaded with dozens of prototypical details similar to our Anniversary 4-6-0, including a metal slide valve, extensive backhead detail, separately applied detail parts, and a precision motor.

Anniversary Edition
4-6-0 Steam Locomotive

Standard Pack: 1

$300.00

The 4-6-0 has long served as the backbone of our Large Scale line, providing motive power to Bachmann Big Haulers® sets for over a decade. With over 1 million sold, the 4-6-0 has helped bring the hobby of model railroading to people around the world.

Nicknamed the “Annie” by posters on the “Ask the Bach Man” message board at www.bachmanntrains.com, we’re happy to offer this special anniversary edition 4-6-0 Steam Locomotive. With the latest drive mechanism, metal siderods, and separate detail parts including separate piping and all metal handrails, this 4-6-0 is a locomotive that Mr. Baldwin & Company would be proud to call their own.

For HO scale 2-10-0 Russian Decapod product information, see page 102.
The high-speed passenger train that revolutionized rail travel comes to layouts everywhere courtesy of Bachmann Industries. As an official Amtrak licensee of the Acela Express train, Bachmann is proud to present this model in our award-winning Spectrum® line. Our Acela Express features the latest in technology and tool making, and its powerful locomotive can reach scale speeds of 150 mph or more. The Acela Express set comes complete with: dual locomotives (one powered, one non-powered), a first class passenger car, business class passenger car, and Cafe Acela car. Also included are a 22" radius, 63" x 45" nickel silver E-Z Track® oval, Spectrum® power pack, and VHS format video with assembly instructions.

**Locomotive features:**
- interior selector switch for choice between rail or pantograph operation
- die cast gear towers and chassis
- 5 pole, skew-wound, precision balanced motor
- working directional headlights, ditch lights and markers
- operating doors
- DCC ready

**Passenger Car features:**
- tilting chassis to travel smoothly around curves at high speeds
- flush windows
- lighted interiors
- blackened RP25 wheels
- photo etched, blackened brass inserts on air ducts
- finescale interior detail including passenger seats and tables

A typical Acela™ Express consist includes: 2 Locomotives, 1 First Class, 1 Cafe Acela™, 1 End-Business and 3 Business Class Cars. For separate sale cars to make up this arrangement, see the following page.

HO Scale

Acela™ Express Locomotives and Passenger Cars

Acela™ Express locomotives and passenger cars are available individually. Modelers can accurately duplicate Amtrak's standard eight-car, high-speed commuter train by adding additional passenger cars to the Spectrum® Acela™ Express train set (shown on the previous page with features listed). The separate sale cars also allow rail enthusiasts to build their own train one car at a time. Our separate locomotives and passenger cars have the same finescale details as the models in the ready-to-run set, and are part of our award-winning Spectrum® series.

Note: a typical Acela™ Express train consist includes:
2 Locomotives, 1 First Class, 1 Cafe Acela™,
1 End-Business and 3 Business Class Cars.

For best performance and prototypical accuracy, the Acela™ Express is recommended for use on curves with a minimum radius of 22 inches.
HO scale Spectrum® train sets feature all-premium components including high-quality motive power with 5 pole skew-wound motors, rolling stock with blackened-metal wheels and body-mounted E-Z Mate® couplers, nickel silver E-Z Track® with gray roadbed, and a Spectrum® power pack.

The Patriot
In honor of Amtrak's named passenger service between Washington, D.C. and Boston, Massachusetts, our Patriot features all-premium components including Bachmann's exclusive nickel silver E-Z Track® snap-fit track and roadbed system, plus:

- Spectrum® F40PH diesel locomotive with operating headlight
- three lighted Amfleet passenger cars
- 63" x 38" oval of nickel silver E-Z Track® with 12 pieces curved track, 5 pieces straight track and 1 plug-in terminal retailer
- Spectrum® power pack
- illustrated "Bach Man" instruction manual

The Frontiersman

These Frontiersman freight sets come complete with Bachmann's exclusive E-Z Track® snap-fit track and roadbed system, plus:

- a Baldwin 2-8-0 locomotive with tender and operating headlight
- open quad hopper
- plug door box car
- extended vision caboose
- 56” x 38” oval of nickel silver E-Z Track® including 12 pieces of curved track, 3 pieces straight track and 1 plug-in terminal rerailer
- Spectrum® power pack
- VHS video with assembly instructions

The Baldwin 2-8-0 locomotives in The Frontiersman train sets were voted “1998 Product of the Year” by the readers of Model Railroader magazine.
The Baldwin 2-8-0 locomotives in The Explorer train sets were voted "1998 Product of the Year" by the readers of Model Railroader magazine.
The Explorer

As steam trains made their way over the rails, they explored an ever-changing landscape. Each day brought new adventures and new excitement! This Explorer train set comes complete with Bachmann's exclusive E-Z Track® snap-fit track and roadbed system, plus:

- Baldwin 2-8-0 locomotive with tender and operating headlight
- combine with interior lighting
- coach with interior lighting
- observation car with interior lighting
- 63" x 45" oval of nickel silver E-Z Track® including 16 pieces of 22" radius curved track, 3 pieces straight track and 1 plug-in terminal rerailer
- Spectrum® power pack
- VHS video with assembly instructions

Body Mounted E-Z Mate® Mark II Couplers
HO Scale GE E33 Electric Locomotive

Built in 1956-57 by the General Electric company for the Virginian Railway's electrified lines, the GE E33 locomotive was primarily used to move coal from the mines to industrial locations. As a 3300 horsepower locomotive, it was well suited to traverse mountainous terrain. After Norfolk & Western acquired the Virginian Railway in 1960, its twelve GE E33 locomotives were sold and resold to a number of US railroads where they continued their long careers.

Features include:
- DCC ready
- die cast frame
- operating pantograph
- 5 pole skew wound motor
- dual flywheel and die cast gear box
- 12-wheel drive
- working headlight
- RP25 metal wheels
- prototypically accurate paint schemes
- two road numbers available per roadname
- E-Z Mate® Mark II couplers

HO Scale USRA Heavy Mountain 4-8-2 Steam Locomotive

Built by Alco and Baldwin between 1918 and 1926, the USRA Heavy Mountain 4-8-2 steam locomotive was the faster, more powerful version of the USRA Light Mountain. Used for high speed passenger and freight service, the USRA Heavy Mountain's larger boiler helped power the locomotive over rough mountain terrain. After more than two and half years of development, we're pleased to introduce the USRA Heavy Mountain 4-8-2 into our Spectrum® line. These locomotives have prototypically accurate detail parts that make each roadname unique.

Features include:
- DCC ready
- glowing firebox
- precision can motor
- hidden drive train
- metal motor bearings
- balanced flywheel
- separately applied domes, stack and cab
- die cast detail parts including, stanchions, bell, whistle, handrails, grab irons, cut levers, and flying pumps (accurate per prototype)
- metal piping and sanding lines
- flush cab window glazing
- lettered builders plate
- detailed cab interior
- painted crew figures
- all metal valve gear with blackened or polished siderods (per prototype)
- die cast driver spokes and counterweights
- RP25 metal wheels
- realistic load in tender
- E-Z Mate® Mark II couplers

The Shay, one of the most unique steam locomotives ever conceived, comes to HO scale modelers in Spectrum® quality equivalent to our award-winning Large Scale Shay. Designed to power your logging or mining operations, this standard gauge workhorse features a steel- or wood-style cab appropriate to prototype.

**Features include:**
- DCC ready
- operating headlight and directional lighting
- complete prototype drive train
- scale metal driveline
- precision sealed can motor with metal motor bearings
- separately applied stack, domes and cab
- separate detail parts, including bell, whistle, pop valves, cut levers and handrails
- separate sanding lines
- detailed cab interior
- lighted firebox
- finescale deadwoods (pilot beams)
- operating piston rods and valve gears
- finescale brake rigging and double truss rods
- RP25 wheels with tapered spokes on locomotive and tender
- E-Z Mate® Mark II couplers

Standard Pack: 6

**HO Scale 2-10-0 Russian Decapod**

With the advent of the Bolshevik Revolution in 1917, the Baldwin Locomotive Works was forced to stop shipment of over 100 2-10-0 locomotives originally bound for Czarist Russia. These “orphan” locomotives later found homes with American railroad companies and helped relieve a scarcity of motive power following World War 1. Faithful to detail, each roadname of this Spectrum® model has been customized per prototype.

**Features include:**
- DCC ready
- operating headlight
- completely hidden drive train
- belt/flywheel drive
- 5-pole precision sealed can motor
- precision balanced brass flywheel
- metal motor bearings
- separately applied stack, domes and cab
- metal detail parts, including bell, whistle, pop valves, cut levers, handrails and stanchions
- separate sanding lines
- highly detailed cab interior
- fully painted crew figures
- siderods blackened per prototype
- rust colored, magnetically operated E-Z Mate® knuckle couplers in front and rear
- diecast, finescale driver spokes

**Tender features:**
- hand tooled coal load
- detailed coal boards
- metal handrails
- detailed underframe
- all-wheel electrical pickup

World War I created a pressing need for additional motive power within the United States. Under the direction of the United States Railroad Administration (USRA), locomotive designs were standardized for production and maintenance efficiency. In the years during and immediately following the war, 5,100 locomotives were produced to twelve standard USRA designs. Our Light Mountain was one of them. This Spectrum® model is a beautiful representation of a locomotive important to both commerce and history.

**Features include:**
- DCC ready
- glowing firebox
- belt drive for see-through clearance between boiler and diecast frame
- completely hidden drive train
- precision, sealed can motor
- metal motor bearings
- precision-balanced brass flywheel
- locomotive and tender electrical pickup
- quiet, strong performance without traction tires
- operating headlight
- separately applied stack, domes and cab (convenient for kitbashing)
- many metal detail parts including: stanchions, bell, whistle, handrails, grab irons and cut levers
- separate sanding lines
- lettered builders plate
- flush cab window glazing, front and sides
- fully painted crew figures
- highly detailed cab interior
- separate power reverse
- separate running boards with safety tread
- detailed air pump with lines and fittings
- separately detailed leaf springs
- finescall pilot
- body mounted NMRA coupler pockets
- full valve gear
- siderods blackened or polished (per prototype)
- sprung axles on 2nd driver for best pickup and tracking performance
- diecast, finescall driver spokes and counterweights
- diecast trailing truck with spoked wheels
- blackened metal wheels

HO Scale K4 4-6-2 Pacific Steam Locomotive (Post War with Modern Pilot)

Built by the Pennsylvania Railroad in the early Twentieth Century, the K4 4-6-2 Pacifics went through numerous modifications and improvements during their many years of service. Nos. 3750 and 1361 are the only two remaining examples of the 425 K4s originally built.

Features include:
• DCC ready
• operating headlight
• 5 pole skew-wound motor
• all metal chassis with added weight
• blackened metal wheels & side rods
• all metal wheels with RP25 contours
• painted engineer & fireman figures
• post war paint scheme
• metal cut levers
• E-Z Mate® Mark II couplers

HO Scale K4 4-6-2 Pacific Steam Locomotive (Pre-War with Slat Pilot)

This Pre-War K4 model is equipped with a distinctive slat pilot, which is affectionately known as a “chicken coop pilot.” Based on a World War I-era prototype, the 4-6-2 features the unique Pennsy headlight and classic front end. Available in two roadnumbers, this Pre-War K4 has been re-tooled with a new boiler and cab.

Features include:
• DCC ready
• 5 pole skew wound motor
• operating headlight
• metal cut lever
• separately applied parts, including: injectors, pump, and piping
• painted crew figures
• all metal chassis
• die cast trailing truck
• RP25 metal wheels

Class J 4-8-4 Locomotive

One of Bachmann's best-selling HO scale locomotives comes to the Spectrum® line with all new tooling and technology. The Class J 4-8-4 was the last mainline steam locomotive to run in the United States. Designed for optimum speed, the "J" once reached 115 mph during a land speed test until a hesitant engineer closed the throttle.

Features include:
• DCC ready
• operating headlight
• separately applied metal parts
• alligator cross heads
• see-through frame
• RP25 wheels
• E-Z Mate® Mark II couplers

Maintenance of Way Vehicles

No railroad is complete without maintenance vehicles to keep things running smoothly. Never before available as ready-to-run models, we're pleased to offer three self-propelled Maintenance of Way vehicles. A perfect addition to any post-steam railroad, the vehicles are available in standard safety yellow and are easily customizable.

Features include:
• self-propelled
• precision skew wound motor
• finescale interior detail
• die cast gravel load (per prototype)
• RP25 wheels
• E-Z Mate® Mark II couplers

HO Scale Auxiliary Water Tender

Commonly called “water bottles” or “canteens,” this large capacity tender was used between the 1930's and 1950's to expedite freight delivery by reducing the number of stops required for water pickup. Many of these were “homemade” by the railroads by converting existing oil or coal tenders. A perfect companion for the Class J 4-8-4, our version is based on a standard Norfolk & Western prototype.

Features include:
- operating directional lighting
- RP25 wheels
- E-Z Mate® Mark II couplers

HO Scale Vanderbilt Medium-Length Tender

Designed to carry a greater capacity than its more typical contemporaries, the Vanderbilt tender was used by railroads all across the country. This medium-length tender is a “generic” model that hauled all types of material, including coal, water and oil.

Features include:
- DCC ready
- backup light
- extra side frames provided for customization
- standard draw bar pin
- four wheel pickup
- blackened RP25 wheels
- E-Z Mate® Mark II couplers

PAINTED UNLETTERED (Coal)
Item No. 89901

 Body Mounted
E-Z Mate®
Mark II Couplers
First built in 1940, nearly 400 of these sturdy diesel locomotives were produced by General Electric for sale around the world. At 88,000 pounds, the 44 Ton Switcher was designed specifically as the heaviest allowable locomotive for one-man operation. Used primarily for light branchline and industrial work, the 44 Ton Switcher was equipped with caterpillar engines that generated approximately 400 horsepower. Last produced in 1956, many are still in operation today. A perennial favorite in the Spectrum® line, the 44 Ton Switcher has been upgraded with new superstructure tooling.

Features include:
- DCC ready
- directional headlights
- 5 pole, skew wound motor
- diecast chassis
- separately applied parts, including: grab irons, windshield wipers and handrails
- blackened RP25 wheels
- E-Z Mate® Mark II couplers

The high-speed passenger train that revolutionized rail travel comes to layouts everywhere courtesy of Bachmann Industries. As an official Amtrak licensee of the Acela Express train, Bachmann is proud to present this model in our award-winning Spectrum® line. Our Acela Express features the latest in technology and tool making, and its powerful locomotive can reach scale speeds of 150 mph or more. The Acela Express set comes complete with: dual locomotives (one powered, one non-powered), a first class passenger car, business class passenger car, and Cafe Acela car. Also included are a 19" radius, 48" x 38" nickel silver E-Z Track® oval, Spectrum® power pack, and VHS format video with assembly instructions.

**Locomotive features:**
- operating pantograph
- die cast gear towers and chassis
- 5 pole, skew-wound, precision balanced motor
- working directional headlights, ditch lights and markers
- close coupling drawbar
- DCC ready

**Passenger Car features:**
- tilting chassis to travel smoothly around curves at high speeds
- flush windows
- lighted interiors
- finescale interior detail including passenger seats and tables
- NMRA wheel flange profile

A typical Acela™ Express consist includes: 2 Locomotives, 1 First Class, 1 Cafe Acela™, 1 End-Business and 3 Business Class Cars. For separate sale cars to make up this arrangement, see the following page.
Acela® Express locomotives and passenger cars are available individually. Modelers can accurately duplicate Amtrak's standard eight-car, high-speed commuter train by adding additional passenger cars to the Spectrum® Acela® Express train set (shown on the previous page with features listed). The separate sale cars also allow rail enthusiasts to build their own train one car at a time. Our separate locomotives and passenger cars have the same finescale details as the models in the ready-to-run set, and are part of our award-winning Spectrum® series.

**Locomotives**

**DUAL LOCOMOTIVES #2006, #2007**
(One powered, one non-powered)
Item No. 81551
Standard Pack: 6
$150.00

**Passenger Cars**

**CAFE ACELA® #3312**
Item No. 89971
**FIRST CLASS #3208**
Item No. 89972
**BUSINESS CLASS #3528, 3429 or 3510**
Item No. 89973
**END-BUSINESS CLASS #3500**
Item No. 89974
Standard Pack: 6
$40.00

Note: a typical Acela® Express train consist includes: 2 Locomotives, 1 First Class, 1 Cafe Acela®, 1 End-Business and 3 Business Class Cars. For best performance and prototypical accuracy, the Acela® Express is recommended for use on curves with a minimum radius of 19 inches.

- a Spectrum® GE Dash 8-40CW diesel locomotive with diode directional headlights
- gondola
- plug door box car
- ACF covered center flow hopper
- reefer
- PS2 covered hopper
- wide vision caboose
- 39” x 24” oval of nickel silver E-Z Track® including 11 pieces curved track, 6 pieces of straight track and 1 curved plug-in terminal rerailer
- Spectrum® power pack
- helpful VHS video with assembly instructions
N Scale 2-8-0 Consolidation

In the tradition of our HO scale 2-8-0, this N scale Consolidation comes equipped with many of the same details found on its award-winning predecessor.

Features include:
- DCC ready
- precision motor
- metal motor and driver axle bearings
- operating headlight
- separately applied stack, domes and cab
- completely hidden drive train
- gear drive
- metal wheels under tender with pickup
- detailed cab interior
- separate sanding lines
- separate detail parts, including bell, whistle, pop valves and handrails
- builders plate
- operating couplers, front and rear
- die cast, finescale driver spokes

N Scale F7 A & B Units

Built by General Motors in the early 1950s, the F7 is one of the most recognizable locomotives of the diesel age. During its peak of popularity, the F7 outsold all locomotives from all other builders combined! Often referred to as "covered wagons" or "bulldogs," this locomotive was used for all railroad operations, including first class passenger service. Run throughout North America, many F7s are still in use today. Our powered A & B units are finished in accurate paint schemes used in the 1950s and early 1960s.

**Features include:**
- 5 pole skew wound motor
- pillow block bearings in gear towers
- new gear mechanism
- accurate nose contour
- operating headlight in A-unit
- teardrop windows
- diecast chassis
- all wheel pickup
- blackened wheels with NMRA wheel profile

The popularity of porcelain village collections has increased dramatically over the past several years. With buildings, figures and trees trimmed for the holidays, the village collections are simply enchanting. But they're not complete! Every Christmas scene should have a traditional steam train running through it, and specifically, one that is appropriate to the scale of village collections.

Bachmann has an extensive line of trains and accessories ideal for porcelain villages. Our On30 scale products give you prototypically accurate O scale narrow gauge trains that run on space-saving HO track. Our wide selection of ready-to-run On30 train and trolley sets add fun and realism to your Christmas scene, and if you're looking to expand your existing layout, it's easier than ever with a large assortment of separate sale locomotives and rolling stock.
Wonderland Express®

an E-Z Track® set with E-Z Mate® couplers

Item No. 25001
Standard Pack: 3

Beautifully decorated in rich, traditional Christmas colors, the Wonderland Express® train set comes complete with: a lighted 2-6-0 steam locomotive and tender, three lighted passenger cars, 56" x 38" oval of nickel-silver E-Z Track®, magnetically-operated E-Z Mate® knuckle couplers on all cars, under-track magnet, Spectrum® power pack, and helpful VHS video with assembly instructions.

Colorado & Southern

an E-Z Track® set with E-Z Mate® couplers

Item No. 25002
Standard Pack: 3

Green and gold is the color scheme of this handsome Colorado & Southern train set. The Colorado & Southern comes complete with: a lighted 2-6-0 steam locomotive and tender, three lighted passenger cars, 56" x 38" oval of nickel-silver E-Z Track®, magnetically-operated E-Z Mate® knuckle couplers on all cars, under-track magnet, Spectrum® power pack, and helpful VHS video with assembly instructions.
The participants in *Model Railroader* magazine's Reader's Choice Awards chose the passenger cars included in these sets as 1998 "O Scale Rolling Stock of the Year." And, as ready-to-run passenger sets, our On30 trains also garnered second place in the "Product of the Year" category, topped only by our own HO scale *Spectrum*® 2-8-0 Consolidation.
Pennsylvania

_ an E-Z Track® set with E-Z Mate® couplers_

Item No. 25003
Standard Pack: 3

Dramatically different in black, Tuscan red and gold, this Pennsylvania train set comes complete with: a lighted 2-6-0 steam locomotive and tender, three lighted passenger cars, 56” x 38” oval of nickel-silver E-Z Track®, magnetically-operated E-Z Mate® knuckle couplers on all cars, under-track magnet, Spectrum® power pack, and helpful VHS video with assembly instructions.

North Pole Express

_ an E-Z Track® set with E-Z Mate® couplers_

Item No. 25006
Standard Pack: 3

To deliver toys to the Nation’s smaller towns and villages, Santa uses his narrow gauge North Pole Express. With an elegant holiday paint scheme on its locomotive and coaches, this set brings the best in holiday cheer! The North Pole Express includes: a 2-6-0 steam locomotive with tender, three lighted passenger cars, 56” x 38” oval of nickel silver E-Z Track®, magnetically-operated E-Z Mate® couplers on all cars, under-track magnet, Spectrum® power pack, and helpful VHS video with assembly instructions.
The participants in Model Railroader magazine's Reader's Choice Awards chose the passenger cars included in these sets as 1998 "O Scale Rolling Stock of the Year." And, as ready-to-run passenger sets, our On30 trains also garnered second place in the "Product of the Year" category, topped only by our own HO scale Spectrum® 2-8-0 Consolidation.
Denver & Rio Grande Western

an E-Z Track® set with E-Z Mate® couplers
Item No. 25008
Standard Pack: 3

The Denver & Rio Grande Western will take you back to the American railways of the late 1800’s. Safely traverse the high altitudes of the Rocky Mountains in this exciting passenger train. In a bold yellow passenger car, witness cascading peaks and breathtaking views of beautiful mountain ranges. The Denver & Rio Grande Western set includes: a 2-6-0 steam locomotive with tender, three lighted passenger cars, 56’ x 38’ oval of nickel-silver E-Z Track®, magnetically-operated E-Z Mate® couplers on all cars, under-track magnet, Spectrum® power pack, and helpful VHS video with assembly instructions.

Silverton Flyer

an E-Z Track® set with E-Z Mate® couplers
Item No. 25010
Standard Pack: 3

To transport precious ores from the busy mining town of Silverton, Colorado, “the Silverton Branch” was carved out of the Rockies by the Denver & Rio Grande Western. An amazing right-of-way blasted out of sheer canyon face earned the Silverton Branch designation as a National Civil Engineering Landmark. Inspiring awe to this day, this incredible feat was undertaken in 1882! Standing ready to travel this challenging terrain is our own Silverton Flyer. The Silverton Flyer comes complete with a 2-6-0 steam locomotive (with operating headlight), coal tender, box car, flat car, gondola, bobber caboose, 56’ x 38’ oval of nickel silver E-Z Track® with 12 pieces of curved track, 3 pieces of straight track and 1 plug-in terminal rerailer, Spectrum® power pack, and helpful VHS format video with assembly instructions.
The participants in Model Railroader magazine’s Reader’s Choice Awards chose the passenger cars included in this set as 1998 “O Scale Rolling Stock of the Year.” And, as ready-to-run passenger sets, our On30 trains also garnered second place in the “Product of the Year” category, topped only by our own HO scale Spectrum® 2-8-0 Consolidation.

Village Street Car Set

an E-Z Track® set

Our new Village Street Car Set features an electronic automatic reversing E-Z Track® system, which sends the trolley back and forth through town at a fixed speed. With the flick of a switch you can add character and fun to your holiday village or narrow gauge layout!

Includes:
• Street Car
• 4 pieces of 18" radius curved E-Z Track®
• 3 pieces of 9" straight E-Z Track®
• 1 piece of straight E-Z Track®
  with attached station house
• 1 Hayes bumper
• UL listed wall pack with on/off switch
• illustrated instruction manual

On30 Scale
T-Boiler, Two Truck Shay
Steam Locomotive

Our T-Boiler, Two Truck Shay steam locomotive is inspired by the 14-ton locomotives that were commonly used on late 19th to mid 20th Century logging railroads. Showing “backwoods ingenuity,” these Shays were often customized to meet the needs of individual railroads. Each version of our On30 Shay has many features unique per roadname.

Features include:
• DCC ready
• die cast construction

- metal valve gear
- precision motor
- operating headlight
- separate metal detail parts
- three cab styles, including sheet metal, vertical wood and raised wood panel
- E-Z Mate® Mark II couplers, front and rear

On30 Scale Narrow Gauge 0-4-0 Porter

With a simple, compact design perfectly suited for sharp curves and rough track, the prototype of this 8-ton "teapot with character" hissed and puffed its way through the light branch lines and industrial railroads of the steam era.

Features include:
- Beuhler precision can motor
- Metal motor bearings
- Operating headlight
- Completely hidden drive train
- Gear drive
- Separate detail parts, including diecast water tank & boiler, bell, whistle, pop valves and handrails
- Separate sanding lines and piping
- Detailed cab interior with operating cab light

On30 Scale 0-4-2 Porter

A great companion to our On30 0-4-0 is the 0-4-2 Porter. With its larger fuel bunker and trailing truck, the 0-4-2 was able to travel longer distances than its “little brother.” Available for the first time as a ready-to-run model, the 0-4-2 will be a welcome addition to your On30 railroad.

Features include:
- precision skew wound motor
- operating headlight
- diecast boiler
- completely hidden drive train
- gear drive
- separate detail parts, including bell, whistle, pop valves and handrails
- separate sanding lines and piping
- rounded siderods
- diecast, finescale drivers and spokes

The 1876 Centennial Exhibition, which marked the 100th anniversary of our Nation’s birth, was a showcase of the American spirit in industry and culture. Several locomotive manufacturers supplied motive power for the Exhibition’s 3.5 mile passenger railroad, but a Baldwin 4-4-0 was the standout performer.

The Baldwin 4-4-0 went on to play a key role in the development and growth of U.S. narrow gauge railroads, and then served lines throughout the world. This style of locomotive was used more than any other in nearly every variety of service throughout the United States.

**Features include:**
- LED headlight
- Polarity selector switch for operation according to NMRA standards or large scale model railroading practice
- Smoke generator with on-off switch
- Load-synchronized LEDs in firebox and ashpan for realistic fire glow
- Precision 5-pole can motor
- Metal frame
- Complete backhead detail including steam gauge with piping, throttle, sight glass fittings, and operating firebox door
- Fully operational Stephenson valve gear with operating piston valves, Johnson bar and linkage

- Separate detail parts, including:
  - Machined brass bell with metal clapper
  - Brass plated metal whistle and machined brass pop valves
  - Separate sanding lines
  - Metal handrails and piping
  - Woodgrain detail on planking
  - End beams with nut, bolt and washer detail
  - Prototypical, sprung axle bearings
  - Chemically blackened, machined metal wheels
  - Fully detailed tender trucks with brake beams, hangers and shoes
  - Scale coupler pockets

The participants in *Model Railroader* magazine’s Reader’s Choice Awards chose our 4-4-0 locomotive as 2000 “Large Scale Locomotive of the Year.”

Large Scale 2-6-0 Mogul Steam Locomotive

Along with a Baldwin 4-4-0, one of the prototypes of our new 2-6-0 hauled 4 million customers throughout the grounds of the 1876 Centennial Exhibition held in Philadelphia. That's an impressive record of service this model is sure to emulate.

**Features include:**
- LED headlight
- Polarity selector switch for operation according to NMRA standards or large scale model railroading practice
- Smoke generator with on-off switch
- Load-synchronized LED's in firebox and ashpan for realistic fire glow
- Precision 5-pole can motor

The 2-8-0 narrow gauge, outside frame steam locomotive was a powerhouse in a small package. Known affectionately as a “vest pocket” 2-8-0, the locomotive was practically the size of today’s mini-vans. Sturdy and dependable, the 2-8-0 was a workhorse that out-performed many of its larger counterparts. Built by a variety of American locomotive builders, the Consolidation was a standard and integral part of almost every narrow gauge railroad. In fact, the 2-8-0 was exported to countries around the world as late as the 1950s. Our 2-8-0 Consolidation reproduces a 1920s Baldwin prototype that is still in use today. Restored to better-than-new condition in Virginia City, Montana, the 2-8-0 recently returned to limited operation in the fall of 2000 at the Halls of Baldwin museum.

**Features include:**
- DCC ready
- LED headlight
- smoke generator with on-off switch
- NMRA polarity switch
- load-synchronized LED’s in firebox and ashpan for realistic fire glow
- precision can motor
- die-cast gear box
- metal frame
- complete backhead detail including steam gauge with piping, throttle, sight glass fittings, and operating firebox door
- fully operational Baker valve gear with Johnson bar
- separate detail parts, including: machined-brass bell with metal clapper, brass whistle and machined brass pop valves
- separate sanding lines
- metal handrails and piping
- end beams with nut, bolt and washer detail
- chemically blackened, machined metal wheels
- fully detailed tender trucks with brake beams, hangers and shoes
